

FEE ADVISORS NETWORK

A Trusted Resource Partner in Life Insurance & Annuity Planning

The Fee Advisors Network Introduces:

The “Certified Fee Insurance Specialist” Program (CFIS Designation)

Online Courses will benefit RIA’s, Wealth Managers, and Fee-Only Financial Planners.

10% Discount for Members of the Network!

The CFIS designation is the first and only certification program that distinguishes the fee-practitioner as one who is knowledgeable in fee-based life insurance design and function. The designation illustrates knowledge and competency in policy style, structure, design, concept, efficiency considerations, full disclosure requirements, and fiduciary care.

The courses necessary for attaining the CFIS designation are now available through WebCE, the premier provider of online financial education and registered CE courses. Curriculum and enrollment information is located at <http://www.feadvisors.webce.com>. The CFIS courses also provide up to 25 (state-specific) approved insurance CE credits as an elected option for the enrolled candidate.

Joseph W. Maczuga, Executive Director of the Network, stated “There is a lot of confusion for the consumer between the multitude of designations and practice terminology. The CFIS designation clearly identifies the fee-engagement function of the advisor, within this very important, yet overlooked component of financial planning.”
